

# Success Stories

## Upland Terrace Elementary

Upland Terrace Elementary School started a jump rope activity to help fulfill Silver #3 criteria. Each Monday during both morning recesses, a parent volunteer comes and assists the children to jump rope. The parent volunteer takes two long jump ropes out to the playground and children come and join the jump rope group. Jump rope songs are sung. Some of the old jump rope songs are taught by parent volunteers. Large groups of children are joining in. The parent volunteer said she had as many as 15 boys participate from the older recess. There are 14 parent volunteers who have volunteered 2 Monday mornings during the year. This program has been a great success for many students at Upland Terrace.
